

CamLok™ Replacement Assembly

The new storeWALL CamLok™

100% metal and designed for maximum holding power and security.

The CamLok™ consists of 3 parts - the Cam, the Lok and a lock ring - for fast and easy replacement.

Patent Pending 2007 storeWALL LLC

Step 1
Insert the Cam through the storeWALL accessory back plate.

Step 2
Rotate the Cam clockwise to the 'unlock' position.

Step 3
Insert the Lok on to the Cam shaft.

Step 4
Insert the lock ring.

TIP: The lock ring fits with the Lok in the correct position only.

Step 5
Snap the lock ring into position.
